

# Directions tour buses ZOB Tübingen

Please note:

- Exit at the Tourist Information Office/ Neckar Bridge or at the punt landing Casino is not allowed.
- Coaches must park in the festival area. Walking distance back approx. 15 min.

**\* Meeting Point: Radstation**

**Bus platform R: only entry and exit (no parking)!!!**

**x: No passage**

### **Important information for the busdriver**

The traffic routing at the redesigned bus station is almost complete. Coaches are allowed to let their guests get on and off at **busplatform "R"**. The meeting point with the tour guides is - in case of an agreed pick-up at the busstation - the "Radstation", where there are also toilets. For other meeting points, please refer to your booking confirmation.

**It is not possible to drop off passengers directly in front of the Tourist Information Office on the Neckar Bridge or at the Casino landing stage.**

At the moment, coaches can only be parked at the Festplatz parking lot on Europastraße in the direction of the town exit to Rottenburg near „Paul Horn Arena“. The parking lot is free of charge. The walk for the driver from the „Festplatz“ back to the ZOB is about 15 minutes. We recommend to carry a folding bike or a scooter. The city buses of the lines 18 and 19 leave from the stop "Freibad" to the train station and further to the city center. On Saturdays, public transport can be used free of charge.

A better solution is currently being sought together with the city. However, this will take some time. Please make sure that your bus drivers follow the attached instructions on how to get there.
